

A Brighter Scientific Future is on the Horizon

We are pleased to announce a program aimed at promoting sustainable and inclusionary pathways in the computational science and engineering (CSE) communities. In partnership with the Society of Industrial and Applied Mathematics (SIAM), Sustainable Horizons Institute is leading the Broader Engagement (BE) program at the [2017 Computational Science and Engineering \(CSE17\) conference](#).

This program will capitalize on our experience successfully leading Supercomputing Conference BE programs to enhance and transform the activities to the SIAM CSE community. Your sponsorship will provide funding to support students and early career faculty and professionals from under-represented backgrounds participation in the BE program at SIAM CSE17 conference.

Planned Activities include:

- Welcome and Orientation
- Mentor Protégé Program
- Career/Networking and professional development activities
- Guided Affinity Groups to Enhance Learning
- Technical Workshops
- Full conference technical program

Key Benefits

The SIAM CSE15 BE program will provide scientific training, mentoring, and career and professional development to students, faculty, and professionals who aspire to broaden their experience in research-based professional activities. The program applies proven methods of engaging people from underrepresented communities in mainstream scientific and engineering communities. Program attendees will be recruited from populations traditionally underrepresented: women, under-represented minorities, first-generation students, people with disabilities, and people serving these communities. The project will increase the participation in a major technical conference of people traditionally underrepresented in the field and provide important and meaningful mentoring and professional development opportunities.

Broader Engagement Participants at SIAM CSE15 Conference

**SIAM Conference on
Computational Science and Engineering**

February 27-March 3, 2017
Hilton Atlanta, Atlanta, Georgia, USA

The Society of Industrial and Applied Mathematics (SIAM) and Sustainable Horizons Institute invite you to show support of engaging a diverse community at the [SIAM 2017 Conference on Computational Science and Engineering](#) by providing travel support for students and early career faculty and professionals from under-represented groups. Here’s what Xiaoye S. Li, co-chair for CSE17, has to say about the Broader Engagement sponsorship opportunity:

The SIAM CSE conference has been the prime conference to foster in-depth technical discussions on a wide variety of topics in the rapidly growing interdisciplinary fields of computational science and

engineering, and promote training of the next generation of computational scientists. Your sponsorship will help young scholars from underrepresented groups attend CSE17, connect with domain scientists, mathematicians and computer scientists, and to embark on exciting CSE careers.

Read about the success of the SIAM CSE15 BE program [here](#).

Please support the Broader Engagement program at SIAM CSE17 through one of these opportunities.

SPONSORSHIP OPPORTUNITIES	RECOGNITION
<p>PREMIER \$25,000 Supports approximately 15 students and/or faculty/professionals</p>	<p>Full-page ad in final program (artwork deadline 1/1/15); recognition in conference program and website, onsite and mobile app; two full registrations; participation in Career/Networking and Mentor-Protégé event</p>
<p>CHAMPION \$10,000 Supports approximately 6 students and/or faculty/professionals</p>	<p>Recognition in conference program and website, onsite and mobile app; two full registrations; participation in Career/Networking and Mentor-Protégé event</p>
<p>SUPPORTER \$5,000 Supports approximately 3 students and/or faculty/professionals</p>	<p>Recognition in conference program and website, onsite and mobile app; one full registration; participation in Career/Networking and Mentor-Protégé event</p>
<p>Mentor Protégé Event \$3,000 Supports a session for BE participants, their mentors, and community members interested in learning about and promoting inclusion</p>	<p>Recognition in conference program and website, onsite and mobile app; participation in Career/Networking and Mentor Protégé event</p>
<p>Career and Networking Event \$2,000 Supports a career and networking event for BE participants, their mentors, and other community members interested in learning about and promoting inclusion</p>	<p>Recognition in conference program and website, onsite and mobile app; participation in Career/Networking and Mentor Protégé</p>

--------------	-----------------------------------	----------------------------------	----------------------------------

Please return this contract with payment to the address below, Attn: SIAM CSE17.

Sustainable Horizons Institute • P.O. Box 1966 • Ames, IA 50010-1966 USA

Phone: +1-515-450-8190 • info@shinstitute.org • www.shinstitute.org

SIAM and Sustainable Horizons Institute invites you to show your support of a diverse scientific community by being a sponsor. A full list of SIAM conferences is available at www.siam.org/meetings/calendar.htm. Information about other activities of Sustainable Horizons Institute are available www.shinstitute.org/our-work

All sponsorships must be paid in full 30 days from invoice date.

All sponsors are acknowledged in the final program and on the conference website.
